Volume 1 Issue 1 September 5, 2008

Welcome to the first issue of “Outdoors with Ed”. Join me as I explore parks and Wildlife Management Areas in West Virginia and maybe a couple surrounding states. Also, look for wilderness survival related ideas, equipment reviews, and how-to articles.

When through the woods,  
and forest glades I wander,  
And hear the birds  
sing sweetly in the trees.  
When I look down,  
from lofty mountain grandeur  
And see the brook,  
and feel the gentle breeze.  
Then sings my soul,  
My Saviour God, to Thee,  
How great Thou art,  
How great Thou art.  
Carl Gustaf Boberg  
(1859-1940)

Some things to be aware of as you read.

1. I hold a Christian viewpoint of life. I am unable to separate that viewpoint from life without leaving big, gaping holes. I will make no attempt to separate it here, either. If you do not like that, you can read something else.
2. Please take responsibility for your actions, because I won't. If something I say doesn't work, at least figure out why it doesn't work before you tell me – be part of the solution.
3. If you decide you would like to send money my way, or want to advertise here, keep in mind that I retain full control of what happens here. If I don't want it here, it's not going here. If I can't find something good to say, I'll go with the minimum description.

*Still here? Stay tuned for the next issue...*
